

Al & Rodney's Night-time Reefton Run

Please remember to keep the car behind you in sight. Don't make a turn without making sure that they have seen you.

Please drive safely and within your limits. This run is potentially very dangerous to those who don't respect the road and the conditions.

If you feel the driver behind is following too close, pull over and let them past.

Be aware that wildlife will be out and they don't respect your MX-5, so be alert!

Drive safely and respect these rules and we shall all have fun.

Thank you,

Al & Rodney
